## Welcome to Carpe Diem Beachfront Development Site Lot G

Perfect site for a luxury home with almost 150' on water frontage. Elevated with beach and iron shore. Unique site facing Southeast for perfect morning and evening light and Caribbean breezes. One of the few home parcels left with this depth. Site is protected by the reef, with access to incredible snorkeling. Quite area with upscale vacation homes on the water. Feel away from it all, but just 20 minutes away from George Town and Rum Point.
