Welcome to Kiboko Beachfront Home

From the moment you walk through the custom-made front door into the two-story foyer, you can see the level of thought and attention to detail that went into the build and design of this stunning 3 bedroom, 3.5 bathroom, 5100 sq. ft. beachfront home. Located in Pease Bay in one of the most sought-after areas, this incredible home features great flow throughout with a massive, top-of-the-line kitchen that opens onto a large formal dining room and expansive family room all with stunning ocean views. An outdoor screened-in patio extends the entire length of the back of the home with steps down onto your own private sand beach. The upstairs of the main house features two very large bedrooms both with separate decks offering stunning ocean views, full ensuite bathrooms and walk-in closets. A separate two car garage is on the left as you drive through the beautiful entrance gate. A full guest house resides above the garage with views overlooking the pool, which is situated to the left of the home. The phenomenal, mature landscaping also includes a putting green and sculptures on the beach. The home also includes a downstairs office, a lounge area that could be converted into another bedroom with full ensuite bathroom, a large amount of storage throughout and has the capacity to add an elevator in the foyer area.
